Re: BugRight Stop Sale, Use, or Removal Order
Docket No. FIFRA-06-2019-0322

Dear Mr. Goss:

Enclosed is a Stop Sale, Use, or Removal Order (SSURO) issued by the United States Environmental Protection Agency, Region 6 (EPA) concerning the pesticide product Bug Right. This SSURO requires Bug Right to immediately stop the sale, use, and removal of this product in accordance with the provisions of the SSURO. This SSURO is effective immediately upon receipt.

Section 13(a) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), 7 U.S.C. § 136k(a), authorizes the Administrator of EPA to issue an order prohibiting the sale, use, or removal of any pesticide or device by any person who owns, controls, or has custody of such pesticide or device whenever there is reason to believe that the pesticide or device is in violation of FIFRA, or the pesticide or device has been or is intended to be, distributed or sold in violation of any provision of FIFRA. EPA has reason to believe, based on the inspection of an establishment and documentation reviewed that the product is an unregistered pesticide, and that you have distributed and/or sold unregistered pesticides in violation of FIFRA. The SSURO requires that Bug Right provide a report to EPA within 10 days of receipt of the SSURO. In its response, Bug Right should also describe its plans for obtaining EPA approval for the ultimate disposition of the unregistered pesticides.

If you have any questions about this SSURO, please contact Gerardo Acosta, Pesticides Enforcement Coordinator at (214) 665-8042 or e-mail him at acosta.gerardo@epa.gov.

Sincerely,

STOP SALE, USE, OR REMOVAL ORDER

This Stop Sale, Use, or Removal Order (SSURO) is issued pursuant to Section 13(a) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended (FIFRA), 7 U.S.C. § 136k(a). Section 13(a) of FIFRA, 7 U.S.C. § 136k(a), authorizes the Administrator of EPA to issue an order prohibiting the sale, use, or removal of any pesticide or device by any person who owns, controls, or has custody of such pesticide or device whenever there is reason to believe that the pesticide or device is in violation of FIFRA, or the pesticide or device has been or is intended to be, distributed or sold in violation of any provision of FIFRA.

The authority to issue this SSURO has been delegated to the Director, Enforcement and Compliance Assurance Division of the U.S. Environmental Protection Agency, Region 6, by EPA Region 6 Delegation No. R6-5-12 dated June 14, 2017 and the April 17, 2019 Region 6 Realignment – General Redelelegation.

11. The product identified in Paragraphs 5 and 6 is a “pesticide” as that term is defined in Section 2(u) of FIFRA, 7 U.S.C. § 136(u).

12. “Pesticide product” is defined in 40 C.F.R. § 152.3 as meaning “a pesticide in the particular form (including composition, packaging, and labeling) in which the pesticide is, or is intended to be, distributed or sold. The term includes any physical apparatus used to deliver or apply the pesticide if distributed or sold with the pesticide.”

13. The product identified in Paragraphs 5 and 6 is a “pesticide product” as that term is defined in 40 C.F.R. § 152.3.

14. On or about July 09, 2019, EPA representatives conducted an inspection at Trinity Haymarket (Trinity), which is a marketplace establishment in Dallas, Texas.

16. During the inspection, the EPA inspector observed the product identified in Paragraphs 5 and 6, as being offered for sale and distribution.

B. VIOLATIONS

Distributing or Selling Unregistered Pesticides

17. Section 12(a)(1)(A) of FIFRA, 7 U.S.C. § 136j(a)(1)(A) provides that “except as provided by [Section 12(b) of FIFRA, 7 U.S.C. § 136j(b)], it shall be unlawful for any person in any State to distribute or sell to any person any pesticide that is not registered under [Section 3 of FIFRA, 7 U.S.C. § 136a] or whose registration has been cancelled or suspended, except to the extent that distribution or sale otherwise has been authorized by the Administrator under this subchapter.”

18. 40 C.F.R. § 152.15 provides that no person may distribute or sell any pesticide product that is not registered under the Act, except as provided in 40 C.F.R. §§ 152.20, 152.25, and 152.30. A pesticide is any substance (or mixture of substances) intended for a pesticidal purpose, *i.e.*, use for the purpose of preventing, destroying, repelling, or mitigating any pest or use as a plant regulator, defoliant, or desiccant. A substance is considered to be intended for a pesticidal purpose, and thus to be a pesticide requiring registration, if:

(a) The person who distributes or sells the substance claims, states, or implies (by labeling or otherwise):

(1) That the substance (either by itself or in combination with any other substance) can or should be used as a pesticide; or

(2) That the substance consists of or contains an active ingredient and that it can be used to manufacture a pesticide; or

(b) The substance consists of or contains one or more active ingredients and has no significant commercially valuable use as distributed or sold other than (1) use for pesticidal purpose (by itself or in combination with any other substance), (2) use for manufacture of a pesticide; or

(c) The person who distributes or sells the substance has actual or constructive knowledge that the substance will be used, or is intended to be used, for a pesticidal purpose.

19. The Respondent states or implies (by labeling or otherwise) that the product identified in Paragraphs 5 and 6 can or should be used as a pesticide (*i.e.*, prevent, destroy, repel, or mitigate insects).

20. The Respondent has actual or constructive knowledge that the product identified in Paragraphs 5 and 6 will be used, or is intended to be used, for a pesticidal purpose (*i.e.*, prevent, destroy, repel, or mitigate insects).

21. The exemptions from registration provided by 40 C.F.R. §§ 152.20, 152.25, and 152.30, are not applicable to the pesticide product identified in Paragraphs 5 and 6, because the

label of your product has Diatomaceous Earth, which is neither an eligible active nor inert ingredient.

22. The pesticide product identified in Paragraphs 5 and 6 was required to be registered under Section 3 of FIFRA, 7 U.S.C. § 136a.

23. The pesticide product identified in Paragraphs 5 and 6 was not registered with EPA under Section 3 of FIFRA, 7 U.S.C. § 136a.

24. The term “distribute or sell” is defined in Section 2(gg) of FIFRA, 7 U.S.C. § 136(gg), as meaning “to distribute, sell, offer for sale, hold for distribution, hold for sale, hold for shipment, ship, deliver for shipment, release for shipment, or receive and (having so received) deliver or offer to deliver.”

25. During the inspection, EPA observed and documented that the Respondent sold and distributed the product in Paragraphs 5 and 6.

26. The distribution or sale of the pesticide product identified in Paragraphs 5, 6, and 25 was not authorized by the Administrator of EPA.

27. Therefore, based on the foregoing, EPA has reason to believe that the Respondent violated Section 12(a)(1)(A) of FIFRA, 7 U.S.C. § 136j(a)(1)(A), by distributing or selling unregistered pesticides.

ORDER

28. Section 12(a)(1)(A) of FIFRA, 7 U.S.C. § 136j(a)(1)(A), provides that it shall be unlawful for any person in any State to distribute or sell to any person any pesticide that is not registered under [Section 3 of FIFRA, 7 U.S.C. § 136a].

29. EPA has determined that the pesticide product identified in Paragraphs 5 and 6 is an unregistered pesticide. Thus, it is unlawful for this product to be distributed or sold, as those words are defined in Section 2(gg) of FIFRA, 7 U.S.C. § 136(gg).

30. Therefore, by the authority of Section 13(a) of FIFRA, 7 U.S.C. § 136k(a), EPA hereby **ORDERS** Respondent Bug Right to immediately cease the sale, use, or removal of the pesticide product identified in Paragraphs 5 and 6, including product under its ownership, control, or custody, wherever such pesticide product is located, except in accordance with the provisions of this SSURO.

31. This SSURO shall apply to all types of products identified in Paragraphs 5, 6, and 25 controlled or within the custody of the Respondent intended for sale or distribution.

32. This SSURO extends to the offering for sale, or sale, of the pesticide product identified in Paragraphs 5, 6, and 25 at an Internet web site or any other source of advertising.

33. This SSURO is effective immediately upon receipt by the Respondent, and shall remain in effect unless and until revoked, terminated, suspended, modified, or released by EPA.

34. Section 12(a)(2)(I) of FIFRA, 7 U.S.C. § 136j(a)(2)(I) provides that it is unlawful for any person to violate a Stop Sale, Use, or Removal Order. Any person violating the terms or provisions of this SSURO may be subject to penalties prescribed by Section 14 of FIFRA, 7 U.S.C. § 136l. Section 14(a)(1) of FIFRA, 7 U.S.C. § 136l(a)(1), provides that “any registrant, commercial applicator, wholesaler, dealer, retailer, or other distributor who violates any provision of [FIFRA] may be assessed a civil penalty by the Administrator of not more than

\$19,936 for each offense.”¹ A knowing violation of this SSURO may also subject a person to criminal penalties pursuant to Section 14(b) of FIFRA, 7 U.S.C. § 136l(b).

35. The pesticide product identified above in Paragraphs 5, 6, and 25 shall not be used, sold, offered for sale, held for sale, shipped, delivered for shipment, received, or having so received, shall not be delivered, offered for delivery, moved, or removed for disposal from any facility or establishment owned or operated by the Respondent, for any reason, unless approved by the EPA in writing. Any proposal for movement of the pesticide products shall be submitted to the following:

- (a) the purpose for which the movement is being requested;
- (b) an accounting of the quantities of product to be moved, including location(s), quantities from each location and container size for the products to be moved; and
- (c) the destination location to which the product will be moved.

¹ The amount of penalty that can be assessed under Section 14(a)(1) of FIFRA, 7 U.S.C. § 136l(a)(1) was increased to \$19,936 by the Federal Civil Penalties Inflation Adjustment Improvements Act of 2015 for violations that occurred after November 2, 2015 and assessed on or after January 15, 2019.

36. Within 10 days of receipt of this SSURO, the Respondent shall submit to the EPA an accounting of all pesticide products subject to this SSURO. The report shall be submitted to the following:

Such records must include information on the method, the quantity, and the location of the disposition and/or disposal.

Dear Senator Inhofe:

Thank you for your letter dated August 30, 2019, to the U.S. Environmental Protection Agency on behalf of Mr. Paul Goss, who is concerned about the Stop Sale, Use and Removal Order (Order) issued to his company Bug Right. EPA issued the Order based upon an inspection of an establishment selling a Bug Right pesticide product that was not properly labeled.

The Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) requires the proper labeling of pesticides. It includes provisions for certain products like diatomaceous earth to be exempt from registration as pesticides, if the labeling is in compliance with the FIFRA guidelines. We understand Mr. Goss's question as to why, after nine years of operating with the same ingredients in his product, EPA issued the Order. Until EPA conducted the inspection in July 2019, the labeling issues with the Bug Right product had gone undetected. My staff has been in contact with Mr. Goss to help him comply the labeling guidelines.

If you have further questions, please contact me at (214) 665-2100, or your staff may contact Mr. Cary Martindale, Congressional Liaison, at (214) 665-8147.

Sincerely,

A handwritten signature in blue ink that reads "Ken McQueen".
